

Pozo Umbria-Pino Santo Teror-Sagrado Corazon-San Isidro 5

Red signed, It starts nearby the Monument of the Agricultor at the lower end of San Mateo. Behind an carpenters shop downwards to the "Chorillo" quarter, passed a small bridge you go the street right- hand downwards to the bottom of the valley. There is a crossing, where you go left-hand upwards, at the following bifurcation right- hand. Then reach the reservoir "Toronjo". If the doors are closed there is beside a small gap for people and small livestock . Passed it, go right- hand 20m downwards, turn left-hand. After the first turn, change left-hand downwards. The street ends at the pumping station of the "pozo umbria" which provides the "Tropical"brewery. Go in the bottom of the valley right- hand downwards, at the left slope you will see the white concrete of the waste-water tube of "Lomo Carbonero". Go on it upwards till you reach the street between houses. Turn left and go the main road upwards to a phone, in front of them go right- hand besides a shop. The street crosses first a barranco, later another road, and after 2 km at left-hand, leave it upwards by a concrete paved street. At the top you cross the streets, following right- hand firstly softly ascending, later downwards to "Faro" (shops, restaurant). Here you go left-hand an path downwards, which sometimes joins the street too. At "Cuesta Falcon" you leave it right- hand by an smaller street, which ends at an field: but beside of it, there goes an path downwards to the bottom of the valley, passing an solitary house there. Go upwards the slope in front of it, you reach the quarter "Los Alamos" of Teror. (All streets straight on will reach the center). The return route starts here going the street left-hand till in an turn, passed an bridge, go straight on "Corazon Jesus" upwards. It ends at an place in front of the church (bus stop). Pass it and in the crossing behind the church go right- hand. The street passing an shop goes the slope in front of upwards. At an bifurcation, go left-hand till the end of the street. Leftside of an house starts the path to "San Isidro". It reaches the main road in front of the junction with the street "Madrelagua". But you follow the main road upwards till reaching an spring(bus stop). Here starts an paved path upwards, which changes in street soon. At an chain, go the path left-hand. It reaches the street of Aríñez beside an house with pines. Go upwards to the turn, at left side you see the buildings of the Aríñez dam. Here starts a small step downwards. . Encircling the reservoir by an path, you reach "Cruz Herrero". Go left-hand, at an bifurcation at 200m right- hand the street "Yedra". In the first turn of it go straight on the path downwards. At the first houses it becomes street. Follow it downwards till a stone-masons shop left side. Cross it following an path, which reaches behind the church of Utiaca (bus stop, restaurant, store) the main road. Cross it following an minor street 400m. Than, between houses, goes a path right- hand downwards, which will, converted as non paved street, join another besides an waste-container. Follow it left-hand 20m, then turn right upwards. In the first turn go the path straight on upwards. Passed an retaining wall it reaches the main road. Follow it upwards left-hand. Just passed an turn, go left-hand the second one of two streets downwards. Changing in path, it goes parallel to the main road to San Mateo. Behind the Lourdes Chapel (for visiting it ask at the town hall) it reaches the Lourdes Street.
